INFORMATION CIRCULAR

**for the Annual and General Meeting of Shareholders
to be held on Monday, June 20, 2016**

SOLICITATION OF PROXIES

This Information Circular is provided in connection with the solicitation of proxies by and on behalf of the management of Jura Energy Corporation (the “Corporation” or “Jura”) for use at the Annual and General Meeting (the “Meeting”) of the holders (“Shareholders”) of common shares (“Common Shares”) of the Corporation to be held on Monday, June 20, 2016 at the office of the Corporation located at Suite 5100, 150 – 6th Avenue SW, Calgary, Alberta at 9 a.m. (Mountain Daylight Time) and at any adjournment(s) thereof, for the purposes set forth in the Notice of Annual and General Meeting (the “Notice”) that is attached hereto. The information contained herein is given as of May 26, 2016 unless otherwise noted.

No person has been authorized by the Corporation to give any information or make any representations in connection with the transactions described herein other than those contained in this Information Circular and, if given or made, any such information or representation must not be relied upon as having been authorized by the Corporation.

Shareholders of the Corporation who wish to be represented at the Meeting by proxy must complete and deliver the enclosed form of proxy (the “Proxy”) to the Corporation’s transfer agent, Computershare Trust Company (“Computershare”), Attn: Proxy Department, 8th Floor, 100 University Avenue, Toronto, Ontario M5J 2Y1 (Facsimile: 1 (866) 249-7775). In order to be valid, proxies (together with any additional documents which may be required as are set out under the heading “Appointment and Revocation of Proxies” that is provided below) must be received by Computershare no later than forty-eight (48) hours (excluding Saturdays, Sundays and statutory holidays) prior to the time of the Meeting or any adjournment(s) thereof.

The board of directors of the Corporation (the “Board of Directors” or the “Board”) has fixed the record date for those entitled to receive notice of and vote at the Meeting as at the close of business on May 16, 2016 (the “Record Date”). Only Shareholders of record as at the Record Date are entitled to receive notice of and vote the Common Shares held as at the Record Date at the Meeting. A transferee who acquires his, her or its Common Shares after the Record Date that wants to vote those Common Shares at the Meeting must obtain from the vendor an executed form of proxy relating to the transferred Common Shares and an undertaking from the vendor that he, she or it will not revoke the executed proxy or personally attend the Meeting to vote the transferred Common Shares.

All amounts presented in this Information Circular are presented in Canadian dollars, unless otherwise stated.

Appointment and Revocation of Proxies

The person named as proxy holder in the enclosed Proxy is a director and officer of the Corporation (the “Management Nominee”). Each Shareholder has the right to appoint a proxy holder other than the Management Nominee, who needs not to be a Shareholder, to attend and to act for the Shareholder and on the Shareholder’s behalf at the Meeting. To exercise such right, the

name of the Management Nominee in the Proxy should be crossed out and the name of the Shareholder's appointee should be legibly printed in the blank space provided.

A Proxy, to be valid, must be in writing and must be executed by the Shareholder or the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, its name must be completed in the signature section of the Proxy, and the Proxy must be signed by a duly authorized officer or attorney of the corporation, with the corporate seal of the corporation affixed thereto.

A Shareholder who has given a Proxy may revoke it at any time before it is exercised. A Proxy may be revoked by depositing an instrument in writing executed by the Shareholder, or by the Shareholder's duly authorized attorney in writing, or, if the Shareholder is a corporation, under its corporate seal executed by a duly authorized officer or attorney thereof, with Computershare at the aforementioned address at any time up to and including the last business day preceding the date of the Meeting, or any adjournment(s) thereof, or with the chairperson of the Meeting on the day of the Meeting or any adjournment(s) thereof, and upon either of such deposits the Proxy shall be revoked. In addition, a Proxy may be revoked in any other manner permitted by law.

Persons Making the Solicitation

This solicitation is made by and on behalf of management of the Corporation. The costs incurred in the preparation and mailing of the Proxy, the Notice and this Information Circular will be borne by the Corporation. In addition to the solicitation by mail, proxies may be solicited by personal interviews, telephone, or other means of communication and by directors, officers, and employees of the Corporation, who will not be specifically remunerated for such services.

Voting of Proxies and Exercise of Discretion by Proxy

The Management Nominee has been selected by the directors of the Corporation and has indicated his willingness to represent as proxy holder, the Shareholders who appoint him. Each Shareholder may instruct his, her or its proxy holder how to vote his, her or its Common Shares by completing the blanks on the Proxy. Common Shares of the Corporation represented by a properly executed Proxy in favor of the Management Nominee will be voted or withheld from voting in accordance with the instructions given by the Shareholder on the Proxy on any ballot that may be called for and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly. **In the absence of such instructions, such Common Shares will be voted in favor of all matters set out in the Notice.**

The enclosed Proxy confers discretionary authority upon the proxy holders named in the Proxy with respect to amendments or variations to matters identified in the Notice and with respect to other matters that may properly come before the Meeting. At the time of printing of this Information Circular, management of the Corporation knows no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice and this Information Circular. If any matters that are not now known to the directors and senior officers of the Corporation should properly come before the Meeting, the proxy holders named in the accompanying Proxy will vote on such matters in accordance with their best judgment.

Advice to Beneficial Shareholders

The information set forth in this section is of significant importance to many Shareholders as a substantial number of Shareholders do not hold their Common Shares in their own name. Shareholders who do not hold Common Shares in their own name (referred to herein as "**Beneficial Shareholders**") should note that only proxies deposited by Shareholders whose names appear on the records of the Corporation as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then, in almost all cases, those shares will not be registered in the Shareholder's name on the records of the Corporation. Such shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered in the name of a clearing agency (such as CDS Clearing and Depository Services Inc., which

acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) in accordance with instructions received from Beneficial Shareholders. Without specific instructions, a broker and its agents and nominees are prohibited from voting Common Shares for their clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person or that the Common Shares are duly registered in their name.**

Applicable Canadian regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Shareholders in advance of shareholder meetings. Every intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. Often, the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. In Canada, the majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("**Broadridge**"). In most cases, Broadridge mails a scannable voting instruction form in lieu of the form of proxy provided by the Corporation, and asks Beneficial Shareholders to return the voting instruction form to Broadridge. Alternatively, Beneficial Shareholders can either call a toll-free telephone number to vote their Common Shares, or access Broadridge's dedicated voting web site at www.proxyvote.com to deliver their voting instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. A Beneficial Shareholder receiving a voting instruction form from Broadridge cannot use that form to vote Common Shares directly at the Meeting or any adjournment(s) thereof, as the voting instruction form must be returned to Broadridge, or alternatively instructions must be received by Broadridge, well in advance of the Meeting or any adjournment(s) thereof, as the case may be, in order to have the Common Shares voted.

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of his, her or its broker (or an agent of the broker), a Beneficial Shareholder may attend the Meeting as proxy holder for the registered shareholder and vote the Common Shares in that capacity. A Beneficial Shareholder who wishes to attend the Meeting and indirectly vote his, her or its Common Shares as proxy holder for the registered shareholder, should enter his, her or its own name in the blank space on the form of proxy provided and return the same to his, her or its broker (or broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

General

The Corporation is not using "notice-and-access" to send its proxy-related materials to Shareholders, and paper copies of such materials will be sent to all Shareholders. The Corporation will not send proxy-related materials directly to non-objecting Beneficial Shareholders and such materials will be delivered to non-objecting Beneficial Shareholders through their intermediaries. The Corporation does not intend to pay for intermediaries to deliver to objecting Beneficial Shareholders the proxy-related materials and Form 54-101F7 – *Request for Voting Instructions Made by Intermediary of National Instrument 54-101*, and an objecting Beneficial Shareholder will not receive the materials unless its intermediary assumes the costs of delivery.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Corporation's authorized capital consists of an unlimited number of Common Shares and an unlimited number of preferred shares (issuable in series), of which 69,076,328 Common Shares and no preferred shares are issued and outstanding as of May 26, 2016. A holder of Common Shares is entitled to one vote on all matters to be considered and acted upon at the Meeting for each Common Share held. The Board of Directors may from time to time fix, before issuance, the designation, rights, privileges, restrictions and conditions attaching to each series of preferred shares.

There are no cumulative or similar voting rights attached to the Common Shares or preferred shares of the Corporation.

Any registered Shareholder of the Corporation at the close of business on the Record Date who either personally attends the Meeting or who completes and delivers a Proxy will be entitled to vote or have his, her or its Common Shares voted at the Meeting. However, a person appointed as proxy holder under the Proxy will be entitled to vote the Common Shares represented by that Proxy only if the Proxy is effectively delivered in the manner set forth under the headings “Solicitation of Proxies” and “Appointment and Revocation of Proxies” set out above.

As of the date hereof, to the knowledge of the directors and executive officers of the Corporation, the only person or company which beneficially owns, or controls or directs, directly or indirectly, Common Shares carrying ten percent (10%) or more of the voting rights attached to the issued and outstanding Common Shares is set out in the table below.

Name	Number of Common Shares	Percentage of Common Shares
Eastern Petroleum Limited (“EPL”)	50,659,076	73.3%

MATTERS TO BE ACTED UPON AT THE MEETING

Appointment of Auditors

At the Meeting, the Shareholders will be asked to vote for the appointment of PricewaterhouseCoopers LLP, Chartered Accountants, of Calgary, Alberta as auditors of the Corporation to serve until the close of the next annual meeting of Shareholders, and to authorize the directors of the Corporation to fix the remuneration to be paid to the auditors. PricewaterhouseCoopers LLP were first appointed auditors of the Corporation by the Board of Directors on January 26, 2007. Fees paid to the auditors for the fiscal years ended December 31, 2014 and December 31, 2015 are more fully described in the Corporation’s Annual Information Form dated March 30, 2016. The Annual Information Form is available for viewing on the internet on the System for Electronic Document Analysis and Retrieval (“SEDAR”), which can be accessed at www.sedar.com.

The resolution appointing auditors must be passed by a simple majority of the votes cast with respect to the resolution by Shareholders present in person or by proxy at the Meeting. **Unless otherwise directed, it is the intention of the Management Nominee to vote proxies in the accompanying form in favor of the appointment of PricewaterhouseCoopers LLP, Chartered Accountants, of #3100, 111 - 5th Avenue SW, Calgary, Alberta, T2P 5L3, as auditors of the Corporation to hold office until the next annual meeting of Shareholders, or until their successor is appointed, and to authorize the directors to fix the remuneration to be paid to the auditors.**

Number of Directors

The Corporation is required by its articles to have a minimum of three and a maximum of fifteen directors. Shareholders will be asked at the Meeting to pass a resolution setting the number of directors to be elected at the Meeting at seven.

The resolution setting the number of directors to be elected must be passed by a simple majority of the votes cast with respect to the resolution by Shareholders present in person or by proxy at the Meeting. **Unless otherwise directed, it is the intention of the Management Nominee to vote Proxies in the accompanying form in favour of setting the number of directors to be elected at the Meeting at seven.**

There is a provision in the articles of the Corporation which permits the Board of Directors to appoint additional directors between annual meetings of Shareholders, provided that the total number of directors so appointed does not exceed one-third of the number of directors elected at the previous annual meeting. Accordingly, a maximum of two additional directors could be appointed by the Board of Directors between annual meetings of Shareholders in this manner, although at the date of this Information

Circular, management of the Corporation has no knowledge of any intention by the Board of Directors to appoint any additional directors following the Meeting and prior to the next annual meeting.

Corporate Cease Trade Orders, Penalties or Sanctions with respect to Proposed Directors

As of the date hereof, no proposed director of the Corporation is or has been, within the past ten years, a director or executive officer of any company that:

- (i) while the person was acting in that capacity, was the subject of a cease trade or similar order or an order that denied the company access to any exemption under securities legislation that was in effect for a period of more than 30 consecutive days;
- (ii) after the person ceased to act in such capacity, was the subject of a cease trade or similar order or an order that denied the company access to any exemption under securities legislation that was in effect for a period of more than 30 consecutive days which resulted from an event that occurred while the person was acting as director, chief executive officer or chief financial officer of the company; or
- (iii) while the person was acting in that capacity (or within a year of that person ceasing to act in that capacity) became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or was subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold its assets,

except that:

- on January 27, 2010, Firstgold, a company for which Stephen C. Akerfeldt served as a director, filed for Chapter 11 protection under the United States Bankruptcy Code. On January 28, 2010, Firstgold's shares were delisted from the Toronto Stock Exchange ("TSX") for failure to meet the TSX's minimum listing requirements; and
- on July 22, 2009, a cease trade order was issued by the Ontario Securities Commission against the insiders, management, officers and directors of Firstgold, including Stephen C. Akerfeldt, for failure to file various continuous disclosure materials within the prescribed time frame as required by Ontario securities law. All outstanding continuous disclosure materials were subsequently filed and the cease trade order expired on October 10, 2009.

No proposed director has:

- (i) within 10 years before the date of hereof, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the proposed director;
- (ii) been subject to any penalties or sanctions imposed by a court relating to securities legislation or by a securities regulatory authority or has entered into a settlement agreement with a securities regulatory authority; or
- (iii) been subject to any other penalties or sanctions imposed by a court or regulatory body that would likely be considered important to a reasonable security holder in deciding whether to vote for a proposed director.

Majority Voting Policy

Shareholders should note that the form of Proxy allows for voting for individual directors rather than for directors as a slate. The Board adopted a Majority Voting Policy effective March 20, 2013, pursuant to which, in an uncontested election of directors, if a director nominated for re-election does not receive more votes cast for such nominee's election than votes withheld from voting, excluding abstentions, that director will submit his or her resignation for consideration by the Corporate Governance and Nominating

Committee. The Corporate Governance and Nominating Committee will consider all of the relevant facts and circumstances, including the director's qualifications, the director's past and expected future contributions to the Corporation, the overall composition of the Board and whether accepting the tendered resignation would cause the Corporation to fail to meet any applicable rule or regulation (including stock exchange listing requirements and applicable securities laws). On that basis, the Corporate Governance and Nominating Committee will recommend to the Board the action to be taken with respect to the offer of resignation. Within 90 days of receiving the final voting results, the Board will issue a press release announcing either the resignation of the director or the Board's decision not to accept the resignation of the director, with reasons justifying such decision.

EXECUTIVE COMPENSATION

Compensation Discussion & Analysis

The Compensation Committee of the Board is responsible for reviewing the compensation policy for all executive officers of the Corporation and making recommendations to the Board. The Corporation's executive compensation program is designed to attract highly qualified and motivated individuals and to compensate executives based on performance and at a level competitive with peer companies.

In the most recently completed financial year, the compensation program consisted of three components: (1) base salaries, (2) options ("**Options**") granted pursuant to the Corporation's stock option plan (as amended and restated, the "**Option Plan**"); and (3) discretionary bonuses. The Compensation Committee reviews the various aspects of the Corporation's compensation program from time to time to ensure the effectiveness of the program and whether it adequately reflects the Corporation's business objectives. Details regarding the components of the compensation package are as follows:

- *Annual Base Salary* – Base salaries are typically determined by assessing the executives' abilities, experience, level of responsibility and relative value to the Corporation. Consideration is also given to general marketplace demand for individuals with similar qualifications, and the level of ease or difficulty in filling key positions.
- *Options* – The Corporation's long-term incentive program involves the granting of Options to the executive officers of the Corporation. It is intended to encourage the maximization of Shareholder value by better aligning the interests of the executive officers with the interests of Shareholders. Previous Option grants are taken into account when considering grants of new Options. Significant terms of the Option Plan are outlined under the heading "Option Plan" below.
- *Bonuses* – Bonuses for senior management are determined by the Board on the recommendation of the Compensation Committee based on the individual performance of the officer in question and in particular, the officer's achievement of performance goals, which may be evaluated by the Board using both objective and subjective criteria.
- *Provident Fund* – Pursuant to a trust arrangement, a third party trustee maintains a fund (the "**Provident Fund**") for the benefit of employees of Jura's wholly-owned subsidiary, Spud Energy Pty Limited, in Pakistan. Pursuant to the fund rules, employees may contribute up to 10% of their base salary to the fund, which is matched by the employer. Employees receive their share of the fund upon termination of their employment for any reason.

In recent years, executive compensation has been determined based on Board discussion without any formal criteria and it is expected that compensation will continue to be determined on this basis without any formal criteria in the foreseeable future. The Compensation Committee did not adopt any such formal criteria in 2015 as was initially intended.

Management's performance will be evaluated in the context of its progress towards implementing corporate strategy, achieving goals, and success in meeting annual personal objectives. The corporate strategy and goals will be developed by management and the Board, and reviewed and updated on a periodic basis. Consideration will be given to the Corporation's areas of interest, the timing and evaluation of exploration and development activities, partnership, joint venture and property opportunities, and the

overall financial health of the Corporation. Annual personal objectives of individual executives will be developed and reviewed by the executive team. The personal objectives in turn will be reviewed by the Compensation Committee and recommended to the Board for approval. Such objectives will include leadership in the executive's area of responsibility, teamwork and personal development.

The Compensation Committee considers the implications of risks associated with Jura's compensation policies and practices to determine and identify significant areas of risk, if any. Since Options and bonuses have, in recent years, been determined on qualitative measures at the sole discretion of the Board, the Compensation Committee does not consider that there are any significant risks that are reasonably likely to have an adverse effect on Jura.

Pursuant to the Corporation's insider trading policy, directors and officers of the Corporation are prohibited from engaging in transactions that could reduce or limit their economic risk with respect to equity securities of the Corporation granted as compensation or held, directly or indirectly, by such director or officer. Prohibited transactions include hedging strategies, equity monetization transactions, transactions using short sales, puts, calls, exchange contracts, derivatives and other types of financial instruments (including, but not limited to, prepaid variable forward contracts, equity swaps, collars and exchange funds), and limited recourse loans to the director or officer secured by equity securities of the Corporation.

Performance Graph

The following graph illustrates the yearly percentage change in the Corporation's cumulative total shareholder return on its Common Shares beginning September 30, 2010 and thereafter, at the Corporation's fiscal year ends on September 30, 2011 and December 31, 2012, 2013, 2014 and 2015 compared with the cumulative total return of the S&P/TSX Composite Index over the same period, assuming an initial investment of \$100 and reinvestment of dividends.

Compensation Governance

The Compensation Committee assists the Board in establishing and monitoring the compensation of the directors, officers and key employees of the Corporation and aligning compensation with the strategies, business plans and objectives of the Corporation with the assistance of independent professional consultants when deemed necessary in fulfilling its duties under its mandate. The responsibilities, powers and operation of the Compensation Committee are summarized under "Statement of Corporate Governance Practices – Compensation" below.

The Compensation Committee is currently comprised of two directors, namely Timothy M. Elliott, who acts as chairman of the Compensation Committee and Stephen C. Akerfeldt. Each member of the Compensation Committee was determined to be independent by the Board in accordance with prescribed independence rules. Each member of the Compensation Committee has knowledge about compensation design and administration and has direct experience that is relevant to his responsibilities for executive compensation within the Corporation as each of the members of the Compensation Committee has

served as an officer and/or director of publicly listed companies of a size comparable to or larger than Jura. The skills and experience possessed by the members of the Compensation Committee enable them to make decisions on the suitability of the Corporation's compensation policies and practices and fulfill the committee mandate.

The Compensation Committee meets once each year, if required, in the first quarter to review the compensation package for the officers of the Corporation, including finalizing bonus amounts. The Compensation Committee also meets at other times during the year as necessary, such as when annual option grants are considered and when a component of the Corporation's overall compensation package, including the Option Plan or the bonus program, is being amended or reviewed. In the year ended December 31, 2015, the Compensation Committee did not hold a meeting.

Since the beginning of Jura's most recently completed financial year, no compensation consultant or advisor has been retained to assist the Board or the Compensation Committee in determining compensation for any of Jura's directors or executive officers.

Incentive Plan Awards

Historically, the Board has made option grants to officers to align the interests of management and shareholders, to reward good performance and to attract and retain quality employees. Options are granted from time to time as the Corporation hires new executives, including NEOs, and when compensation is reviewed by the Compensation Committee, at the request of and with input from the CEO, in order to rebalance the compensation package throughout the Corporation. This review is done at

least annually and when there has been a significant compensation event which could be a significant new hire, promotions or a significant exercise or cancellation of options. When reviewing Option grants, consideration is given to the total compensation package of the executives, including past grants, and performance by the executive. At the time an Option is granted, consideration is also given to the available Option pool remaining.

The following table sets out all incentive plan awards that were outstanding for each NEO at the end of the most recently completed financial year.

Option Plan

The Corporation established a stock option plan to secure for the Corporation and the Shareholders the benefits of the incentive inherent in Common Share ownership by directors, officers, employees and consultants of the Corporation who could have a significant impact on the future growth and success of the Corporation. On December 13, 2006, the Board approved amendments to the Option Plan to, among other things, update it to reflect the current requirements of the Toronto Stock Exchange (the “TSX”) with respect to security based compensation arrangements. The Option Plan was ratified and approved by Shareholders at the annual and special meeting of the Corporation held on March 23, 2010.

The Board administers the Option Plan, designates from time to time those directors, officers, employees and consultants to the Corporation (the “Participants”) to whom Options are to be granted and determines the number of Common Shares covered by such Options. Options are granted by the Corporation pursuant to the recommendations and approval of the Board.

Provided below is a summary of the material terms of the Option Plan, as required by TSX Rule 613(d):

- Eligible participants in the Option Plan include directors, officers, employees or consultants of the Corporation or a subsidiary of the Corporation, selected at the discretion of the Board.

- The maximum number of Common Shares that may be issued under the Option Plan is currently 6,907,632, representing 10% of the number of issued and outstanding Common Shares. As at May 26, 2016, 1,025,000 Options to purchase Common Shares are outstanding in accordance with the Option Plan (representing 1.5% of the outstanding Common Shares) and 5,882,632 Options to purchase Common Shares remain issuable thereunder (representing 8.5% of the outstanding Common Shares).
- The number of Common Shares (i) issued to insiders within any one year period, and (ii) issuable to insiders at any time, under the Option Plan and under all other security based compensation arrangements of the Corporation, if any, is limited to not more than 10% of the number of Common Shares that are outstanding from time to time.
- The Board is responsible for determining the exercise price for Options issued under the Option Plan. However, Options granted under the Option Plan must have an exercise price of not less than the “Market Price” of the Common Shares at the time of grant, calculated in accordance with the TSX rules based on the volume weighted average trading price of the Common Shares as reported on the TSX for the five trading days immediately preceding the day on which the Option is granted.
- There is no provision under the Option Plan for the Corporation to convert a stock option into a stock appreciation right.
- The Board is given the authority to: (i) construe and interpret the Option Plan and all agreements entered into under the Option Plan; (ii) prescribe, amend and rescind rules and regulations relating to the Option Plan; and (iii) make all other determinations necessary or advisable for the administration of the Option Plan, in each case, without obtaining the approval of Shareholders.
- Subject to the other provisions of the Option Plan, the specific terms of an Option including the number of Common Shares subject to each Option, the exercise price, the vesting period, the expiration date of each Option, the extent to which each Option is exercisable from time to time during the term of the Option are determined by the Board; provided however, that if no specific determination is made by the Board with respect to the expiration of Options, each option will, subject to any other specific provisions of the Option Plan, be exercisable for a maximum term of 10 years from the date the Option is granted.
- If any Options expire during, or within nine business days immediately following, a black-out period or other trading restricted period imposed by the Corporation, then the expiry date of such Options are automatically extended to the tenth business day following the date the relevant black-out period or other trading restricted period imposed by the Corporation is lifted, terminated or removed.
- An Option will terminate if (i) a Participant ceases to be a director, officer, employee or consultant of the Corporation for any reason other than cause, death, permanent disability or normal retirement then such Participant’s Options to purchase Common Shares granted pursuant to the terms of the Option Plan will terminate on the earlier of the termination of such Options and the ninetieth day after which such person ceases to be a director, officer, employee or consultant of the Corporation, or (ii) a Participant who is a director, officer or employee of the Corporation is terminated for cause, or in the case of a consultant, if the consulting agreement or arrangement between the Corporation and/or a subsidiary of the Corporation and the consultant is terminated as a result of a material breach by the consultant, in each case as determined in the opinion of the Corporation’s legal counsel, then all Options previously granted to him or her will immediately expire and terminate.
- In the event of the death, permanent disability or retirement of a Participant, any Options previously granted to him or her will be exercisable until the end of the term for such Options or until the expiration of 12 months after the date of death, permanent disability or retirement of such Participant, whichever is earlier, and then, in the event of death or permanent disability, only by

the person or persons to whom the Participant's rights under such Options will pass by the Participant's will or applicable law; and to the extent that he or she was entitled to exercise the Options as at the date of his or her death or permanent disability.

- In the event of the subdivision or consolidation of the outstanding Shares, the number of Shares subject to the Option Plan shall be increased or decreased proportionately and in any such event a corresponding adjustment shall be made changing the number of Shares deliverable upon the exercise of any Option granted prior to such event without any change in the total price applicable to the unexercised portion of the Option, but with a corresponding adjustment in the price for each Share covered by the Option. If the Corporation is reorganized or merged or consolidated or amalgamated with another corporation, appropriate provisions shall be made for the continuance of the Options outstanding under this Plan and to prevent their dilution or enlargement.
- In the event of an actual or potential Change of Control Event, the Board may, in its discretion, without the necessity or requirement for the agreement of any Participant: (i) accelerate, conditionally or otherwise, on such terms as it sees fit, the vesting date of any Option; (ii) permit the conditional exercise of any Option, on such terms as it sees fit; (iii) otherwise amend or modify the terms of the Option, including for greater certainty permitting Participants to exercise any Option on a "cashless" basis, to assist the Participants to tender the underlying Common Shares to, or participate in, the actual or potential Change of Control Event or to obtain the advantage of holding the underlying Common Shares during such Change of Control Event; and (iv) terminate, following the successful completion of such Change of Control Event, on such terms as it sees fit, the Options not exercised prior to the successful completion of such Change of Control Event.
- All benefits, rights and Options accruing to any Participant in accordance with the terms and conditions of the Option Plan will not be transferable or assignable unless specifically provided for under the Option Plan.
- Other than potentially assisting Participants to exercise Options on a "cashless" basis in a Change of Control Event (as defined in the Option Plan), the Corporation will not provide any financial assistance to Participants to purchase the Common Shares underlying the Options issued under the Option Plan.
- Subject to any required approval of the TSX, the Board may at any time amend, revise, suspend or terminate the terms of the Option Plan or any Options, without obtaining the approval of Shareholders, provided that no such amendment or revision can in any manner materially adversely affect the rights of any Participant under any Options previously granted under the Option Plan without such Participant's consent except as expressly provided in the Option Plan.

Effective February 20, 2013, Jura entered into a loan agreement (the "**Loan Agreement**") with EPL, which agreement was subsequently assigned by Jura to Spud in accordance with its terms, pursuant to which EPL agreed to provide Jura with an \$11,000,000 credit facility (the "**Facility**") to enable Jura to satisfy cash call requirements associated with its development and production leases and exploration licenses and for general working capital purposes. The Facility was repayable at the demand of EPL on the earlier of: (i) the first anniversary of the date of the Loan Agreement; and (ii) ten business days after the closing of a "Qualifying Financing", being a debt or equity financing by Jura for an amount in excess of the aggregate of amounts drawn under the Facility. On March 5, 2014, EPL agreed to extend the term of the Loan Agreement and the Facility such that it was repayable at the demand of EPL on the earlier of: (i) August 20, 2014; and (ii) ten business days after the closing of a Qualifying Financing. On October 1, 2014, EPL agreed to further extend the term of the Loan Agreement and the Facility such that it is repayable at the demand of EPL on the earlier of: (i) February 20, 2015; and (ii) ten business days after the closing of a Qualifying Financing. EPL has provided a written undertaking to the Corporation that it will

not demand repayment of the facility unless the Corporation has sufficient funds to repay the facility, in EPL's reasonable judgment, or the Corporation closes a "Qualifying Financing". Pursuant to the Loan Agreement, the principal amount of advances outstanding at any time, and any overdue interest outstanding, bear interest at the US Dollar 3-month LIBOR plus 4%, compounded quarterly, not in advance. Outstanding principal and interest under the Facility is convertible in whole or in part at the option of EPL on the basis of one (1) common share in the capital of Jura for each \$1.00 so converted on the terms set out in the Loan Agreement. A copy of the Loan Agreement has been filed on SEDAR and can be accessed at www.sedar.com.

Effective January 1, 2013, Spud entered into a services agreement (the "**Services Agreement**") with JS Investment Consultancy FZE and JS North Asia Investments Limited (the "**Consultants**"), each of which is wholly owned by Stephen Smith. Pursuant to the Services Agreement, the Consultants agreed to, among other things; provide the services of Mr. Smith and Akbar Kazmi to act as advisors to management of the Corporation. Jura also anticipates receiving the benefits of the Consultants' extensive network of contacts, offices and specialists in Pakistan and internationally. The Services Agreement and fees payable there under have been approved by the independent directors of Jura unrelated to the transaction. Under the Services Agreement, the Consultants receive quarterly fees of \$62,500 in aggregate (equal to \$250,000 per annum). The term of the Services Agreement will continue indefinitely unless terminated on at least ninety days' written notice by any party to each of the other parties. A copy of the Services Agreement has been filed on SEDAR and can be accessed at www.sedar.com.

On November 7, 2014, Spud entered into two financing facilities extended by JS Bank Limited ("**JS Bank**"), a related party, totaling PKR 400 million comprised of: (i) PKR 200 million in term financing at an interest rate equal to 3-month KIBOR and 2%, maturing two years from the date of disbursement; and (ii) PKR 200 million in renewable "running" financing at an interest rate equal to 3-month KIBOR plus 2%, maturing one year from the date of disbursement (together, the "**JS Bank Facility**"). The interest on JS Bank Facility is payable quarterly in arrears. The principal of the term finance facility is repayable in eight equal quarterly installments, commencing three months after the date of disbursement. The JS Bank Facility is secured by a first charge on current and fixed assets of Spud, an assignment of receivables originating pursuant to gas sales from Badar, Reti, Maru and Maru South and Zarghun South Leases and a corporate guarantee by Jura. A copy of the facility agreement in respect of the JS Bank Facility has been filed on SEDAR and can be accessed at www.sedar.com. The JS Bank Facility was repaid in full on January 19, 2016.

On December 30, 2015, Spud executed a syndicated credit facility dated effective December 18, 2015 (the "**Syndicated Credit Facility**") with Al Baraka Bank (Pakistan) Limited ("**Al Baraka**"), as lead arranger, in the amount of up to PKR 750 million for a term of five years from the date of disbursement. The first phase of the Syndicated Credit Facility has been entered into and is being funded in two tranches. Included among the participants which comprise the syndicate for the Syndicated Credit Facility is JS Bank. On February 12, 2016, the second tranche of the Syndicated Credit Facility of PKR 450 million was funded to Spud ("**Tranche 2**"). **[NTD status of phase-II]**

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Board of Directors

The Board is currently comprised of seven directors. Four of the Corporation's seven directors, being Stephen C. Akerfeldt, Shahzad Ashfaq, Timothy M. Elliott and Frank J. Turner are "independent" (as defined in National Instrument 58-101 – *Corporate Governance Disclosure* ("**NI 58-101**")). The Board has concluded that Shahid Hameed, as an executive officer of the Corporation, is not independent. Further, the Board has concluded that Akbar Kazmi and Stephen Smith, as individuals who accept indirect consulting fees from the Corporation, are not independent.

Jura has a majority of independent directors, who can ensure the independent oversight of management, proper management of conflicts and the protection of the interests of minority shareholders. In order to facilitate the Board's exercise of independent judgment in carrying out its responsibilities, the mandate of the Board authorizes the independent directors to meet separately from management as considered appropriate. The text of the Board's written mandate is attached hereto as Schedule "A".

The Board and committees of the Board periodically hold meetings at which members of management are not present, generally in conjunction with regularly scheduled Board and committee meetings.
